Thombstone

Thombstone is a net event where you put a flag or a thombstone with your name on it when you hit your last shot. If someone finishes the round under their net allotment then they put their thombstone behind the green in the designated "graveyard" with how many strokes they beat their handicap by.

Example: 15 handicap golfer – course par 72 + 15 the golfer would start with 87 strokes. Each hole count down based on number of strokes ie: 7 on hole 1, you would have 80 strokes left. Once your strokes get to 0 you put your thombstone in the ground where you hit that last shot. If you finish your round whatever amount of strokes you have left go onto the thombstone and the thombstone goes into the graveyard behind the green.
